# WORKSHOP

# PSPMF 2019 FALL FORUM INNOVATION

#### Increasing Level of Public Participation Impact

#### Inform

Public participation

Promise to the public

**Example techniques** 

To provide the public with balanced and objective information to assist them in understanding the problem, opportunities and/or solutions.

#### Consult

To obtain public feedback on analysis, alternatives, and/or decisions.

#### Involve

To work directly with the public throughout the process to ensure that public concerns and aspirations are consistently understood and considered.

#### Collaborate

To partner with the public in each aspect of the decision, including the development of alternatives and the identification of the preferred solution.

#### **Empower**

To place final decisionmaking in the hands of the public.

#### We will keep you informed.

u

We will keep you informed, listen to and acknowledge concerns and aspirations, and provide feedback on how public input influenced the decision.

We will work with you to ensure that your concerns and aspirations are directly reflected in the alternatives developed and provide feedback on how public input influenced the decision.

We will look to you for advice and innovation in formulating solutions and incorporate your advice and recommendations into the decisions to the maximum extent possible.

We will implement what you decide.
